

Movie Mashup

Our boss is a real film aficionado. He likes to write up summaries of every movie he sees, and he even gives them ratings out of 10 stars. A lot of his summaries seem accurate, but some of the other plots don't look like they're from real movies. In fact, some look like they're two movies with the titles combined. Others seem to have one letter in the title changed, or even removed!

	Plot summary	Category	Rating out of 10
1	A secret agent does NOT encounter eight cats.	A	8
2	Poor money management creates the undead, who must be fought off by their former drunkard captain.	A	1
